

Teaching Digital Literacy Strategies to Help Adult Learners Develop Computer & Technology Basics

Digital literacy and the ability to use computers and related technology are essential skills in today's world. This session will acquaint educators with free online tools and resources that can help students acquire basic computer skills, and more.

Attendees will be given a tour of the award winning GCFLearnFree.org site and provided with information and tips on how to effectively incorporate computer/technology basics into instruction.

Presenter: Jessica Rich
Curriculum Coordinator, GCFLearnFree.org

Date: March 28, 2019
Time: 2:00 pm - 3:00 pm
