## The Fine Art of Feedback

### Helping Adult ESOL Learners Edit and Revise their Writing

Come learn some of the finer points of providing feedback to adult learners as they craft personal, workplace and academic writing. This free Webinar will focus on the latter part of the writing process: feedback, editing and revision. We'll address the questions of when to give feedback, how much to give, and various techniques that incorporate the gradual release of responsibility to the learner-author. By the end of our time together, participants should be able to analyze and refine their feedback techniques and help learners make use of self-editing checklists, rubrics, and peer editing tasks
