

# Free Online Tutor/Teacher In-Service Training

## Identifying and Solving Reading Error Patterns

**Date:** September 22, 2010    **Time:** 12:00 p.m. to 1:30 p.m.

**Objective:** Participants will learn a system for identifying and analyzing oral reading/decoding errors made by their students.

Tutors and teachers can effectively address common error patterns through a process of listening, marking and discussing errors made by students who read a brief 100-150 word passage. Participants will learn this process and receive; 1) a list of the 10 most common reading errors, and 2) sample passages that can be utilized as a guide for selecting appropriate material from a wide range of reading resources.

Join us and learn these strategies which can be applied from the first day to build confidence and reading skills in adult learners.

**Fee:** Free. Please share this with your fellow tutors and teachers.

Participate from the comfort of your own home or office. All you need is a computer with speakers and an access to the Internet. **How does it work?** We will send you a web address (URL) when you register. Approximately 5-10 minutes before the workshop is scheduled to begin, you simply go to that URL, enter your full name, and click "Login" to access the session.

**Presenter:** Dr. Betsy Stoutmorrill is Vice President of Enrollment and Outreach for Beacon College in Leesburg, FL. Since 1989, Stoutmorrill has been in the field of adult education focusing on reading and learning disabilities. Her professional experience and academic degrees have provided her with the opportunity and foundation to work with adult students and the teachers/tutors dedicated to reading improvement.
