This is a comprehensive system for ESL program administrators, trainers, and tutors/instructors that was developed with experts in the field, including Dr. Heide Spruck Wrigley. The training system includes an 11-hour Instructor Training, Instructor Guide, Curriculum, Web Portal, and Training-of-Trainers Series.

Every participant will receive an Instructor Guide filled with teaching tips and the latest research on second language acquisition, a 360-page Curriculum covering 60-100 hours of instruction, and a one-year subscription to the Literacy Forward Web Portal that has additional lessons, classroom resources, and teaching videos. We are recruiting both instructors and teacher-trainers to participate in the English Forward Instructor Training. This session is limited to 25 participants. Priority will be given to qualified candidates interested in becoming English Forward trainers. These individuals will participate in a follow-up virtual training of trainers.

English Forward was developed by the Literacy Coalition of Central Texas through a Dollar General Literacy grant and has been successfully piloted, proven, and replicated in several communities nationally.

This FREE workshop is made possible through the support of the Florida Department of Education, Division of Career and Adult Education and the Dollar General Literacy Foundation.

**Sponsored by the Florida Literacy Coalition,
Florida's Adult and Family Literacy
Resource Center.**
