Crosswalk
Student Pre/Post Assessment and Hands On Banking

In response to requests for a modified Financial Literacy pre/post assessment, FLC, in partnership with a workgroup of financial literacy grant recipients, has created a new student assessment. The following outline will help instructors identify specific topic areas in Hands on Banking (HOB) that are covered in the new student assessment. HOB includes 5 general topic areas, each of which include multiple lessons. Since this curriculum includes more subject matter than you may be able to cover, we thought it would be helpful to let you know which lessons cover content that are addressed in the assessment.
