

Free Webinar

Digital Literacy for Low Level Learners

Did you know that at our learners' keyboard fingertips there is free access to unlimited listening, reading, speaking and writing activities to complement their learning toolbox? Share it with your students! Combine these digital tools to strengthen your teaching experience. In this webinar we will explore useful websites along with a user-friendly way to introduce them to learners. A list of resources will be shared as well as a live demonstration of how use them. We will finish with a Q & A session!

Objectives

By the end of this session you will be able to:

- Guide students in the basic use of the computer, including idle modes/security
- Provide students access to websites that help improve typing/reading/listening skills.
- Teach students how to access an online dictionary/thesaurus/word pronunciation
- Use a website to start fun interactive games to review content
- Show students how to access their e-mail or create a free e-mail account

Date: June 22, 2018

Time: 1:00 pm - 2:15 pm

Presenter: Gabriela Moffatt

Adult ESOL Teacher, Orange Technical College
